Dear Ms. Dortch:

On Friday, June 22, 2016, Twilio General Counsel Karyn Smith and I met with Travis Litman of Commissioner Rosenworcel's office.

The meeting highlighted Twilio's public policy interests as a cloud communications provider.

In particular, in speaking with Mr. Litman, Ms. Smith noted the importance of maintaining the integrity of 10-digit North American Numbering Plan telephone numbers, and that subscribers should expect seamless and ubiquitous functionality in voice and text messaging features.

We noted the Commission's recent efforts to preserve the rights of subscribers on enabling text messaging for toll free numbers (WC Docket No. 17-192 and CC Docket No. 95-155) and expressed concerns about recent anti-competitive behaviors by wireless carriers that could diminish the enjoyment of subscribers' of a phone number's full functionality.

Twilio also presented the attached slides.

I can be reached at (202) 499-7409 with any questions.

Respectfully submitted,

Emily Emery
